From Diana Wade

Diana Wade, current president of our Board of Directors, has won numerous awards for her unique pastels, watercolors and mixed media/collage pieces. She lives in Loveland with Gary, her husband of 53 years.

She says of this show, “My passion for “abstracting” shapes, ideas and emotions while using bold, jewel tones to convey my feelings in the pastel medium are on display in this exciting show that I am proud to share with my dear friend, Alice.”

Our Second Featured Artist

**This exhibit will be on display
June 26- August 9, 2020**

From Alice League

In addition to number crunching for the Art Center, Alice League, has a creative side. Designing cabochons and beads into pendants, bracelets or earrings using gold and silver wire is an art form she has pursued for several years. The detail or markings on each gem dictates the curve or wrap of the wire. Alice's jewel tone pieces will add sparkle to this abstract show. She too has won several awards for her work over the years.
